Dear Aqua Vista Apartments

It's time for the City of Panama City Beach Meter Service Technician Department to perform a test on your large water meter for this year. Your water maybe turned off for approximately 30 minutes. During this time we will be testing your water meter for accuracy, to recalibrate and repair (if needed). All water meter tests will be handled as quickly as possible, with diligence and little or no problems. We thank you for your corporation in this annual procedure. If you have any questions or need to change the scheduled date please let me know. Nancy Hitz Meter Service Technician II cell# is 850-258-0900.

Sincerely

Nancy Hitz
